MEMORANDUM FOR: Director, National Foreign Assessment Center

FROM: Director of Central Intelligence

SUBJECT: US Aid to Poland

1. I am inclined to your view. I think we should circulate this to the principals at the NSC meeting tomorrow.

2. Will you be able to get a telephonic reaction of the relevant members of the Intelligence Community on the question of whether we should help them with food and then let them go the rest of the way and not get involved in supporting and trying to manage their whole economy.

3. At the same time I would appreciate it if you would do a one page covering memorandum setting out the two views in the Intelligence Community. I would like this for the NSC principals either tonight or tomorrow morning.
